IndusFloor is pleased to announce the expansion of its popular Solid Hardwood Flooring line, with the introduction of most of our popular floorings, now available in Decking.

Exotic Hardwood Decking by Indusfloor is the only solid decking option that consistently outperforms other options. From natural mold and decay resistance to superior strength, individuality and durability. A deck made out of Brazilian Walnut, Tiete Chestnut or Brazilian Cherry is the only natural wood deck material that offers all these benefits and will provide decades of solid performance.

Brazilian Walnut, Tiete Chestnut or Brazilian Cherry is the only natural wood deck material that offers all these benefits and will provide decades of solid performance.

IndusFloor continues to be a leader in the Exotic Hardwood Flooring arena, providing products that are recognised for their beauty, performance and overall value. Exciting new hardwood species and innovative products are researched and developed annually in an on-going effort to achieve the ultimate level of quality and excellence.
