

BRAZILIAN CHERRY [JATOBA]

HARDWOOD FLOORING

15 YEARS WARRANTY*

The **Brazilian Cherry** is one of the finest hardwoods, known for its natural beauty, superior hardness and rich glow.

Featuring distinctive and varied grain patterns, together with a mix of colourful hues that matures over time, to a rich reddish brown, creating a refined environment.

FEATURES

- Kiln dried
- Aluminium Oxide Finish
- Tongue and groove

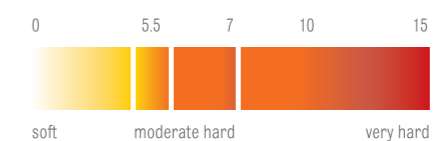

- Superior stain resistance
- Easy maintenance
- Matching Accessories available

COLOUR CHANGE

The Brazilian Cherry is a photosensitive wood, with its original colour darkening to a deep red with exposure to light. **[Note]** Colour stabilises approximately three months after installation.

HARDNESS RATING

The Brazilian Cherry has a hardness rating of 12.5KN, over fifty five percent harder than the Kempas.

INSTALLATION

IndusFloor's Exotic Hardwood Flooring range is precision milled for a perfect tongue and groove fit. The prefinished range is quick and easy to install, without any sanding, dust or polishing odours.

SPECIFICATIONS

18mm Thick x 140mm Wide.
Random Lengths from 700mm to 2230mm.
